

Chapter 12

SIS Datatrieve - formerly DECReporter

12.1 GENERATING REPORTS

To get a listing of the SIS Datatrieve Reports (formerly the DECReporter), type **SIS_DTR** at your **Menu>** prompt.

The SIS Datatrieve Listing will appear and you can choose a report from the listing. Enter either the name of the report or the number.

SHORTCUT: If you know the name of the program you want to run, then at the MENU prompt, type the program name. Example: MENU> AMPM

Some of the reports have a few questions to answer. For example, MO_SEL (Monthly Birthday Roster) - you will need to enter the Month and Year.

Enter 'TT' to view report on your screen or 'filename.TXT' to save the report.

12.2 PRINTING REPORTS

12.2.1 SLAVE Printer

*If you have a SLAVE printer, you could enter a filename.TXT and save the report, then type **SLAVE** at your Menu> prompt. Then you will be prompted to enter a filename. Enter the one you saved the report under. Press RETURN for 1 copy or enter another number; then it will ask you what horizontal pitch to use.*

12.2.2 QUEUE Printer

If you have a QUEUE printer, go into SIS, choose "12" (Link to Other Applications) at the Command: prompt on the Main Menu, then select the option for printing to a Queue Printer.
